

Educational Visits and Activities Policy

Introduction

Baynards School offers its children a broad and balanced curriculum that promotes their spiritual, moral, cultural, mental and physical development, and prepares them for the opportunities and experiences of adult life.

In our school we seek to ensure that the National Curriculum is delivered to all children, regardless of social background, race, gender or differences in ability. All are entitled to the development of knowledge, understanding, skills, and attitudes. To enrich the curriculum for our children, we also offer a range of educational visits and other activities that add to what they learn in school.

Organisation

The National Curriculum defines what we teach the children in school. This is the basis for each class's programme of learning for each school year. In addition teachers and governors agree a corresponding programme of visits and activities.

Within each class's programme of work the teachers plan educational visits and activities that support the children's learning. We give details of these visits and activities to parents at the beginning of each school term in our School Calendar. We plan other activities as the school year progresses, and inform parents of these in due course.

Visits and activities usually take place within the school day, and the governing body approves all such visits in advance. We follow the LEA's guidelines relating to health and safety, and we ask parents to give written permission for their child to take part in any activity that takes children off the school site. If we do not receive this written permission, the child will be unable to participate.

Charging for school activities

All education during school hours is free. We do not charge for any activity undertaken as part of the National Curriculum. There are some circumstances when the school can make a charge for certain activities. The governing body has a charging policy that details the full range of activities where a charge can be made. A copy of this is available from the school office.

Curriculum links

All educational visits and activities support and enrich the work we do in school. There is also a number of people who visit the school to support our work. Some visits relate directly to areas of learning for individual classes, whilst others relate to all our children.

For each subject in the curriculum there is a corresponding programme of activities which includes visits by specialists. All these activities are in line with guidance published by the LEA:

- English – theatre visits, visits by authors, poets and theatre groups;
- Science – use of the school grounds, visits to nature reserves;
- Mathematics – use of shape and number trails in the local environment;
- History – castle visits, study of local housing patterns, local museums;
- Geography – use of the locality for fieldwork, village trails;
- Art and Design – art gallery visits, use of the locality;
- Physical Education – range of sporting fixtures, extra-curricular activities, visits by specialist coaches;
- Music – range of specialist music teaching, extra-curricular activities, local schools' orchestra, concerts for parents to hear;
- Design and Technology – visits to local factories/design centres;
- ICT – its use in local shops/libraries/secondary schools etc;
- Religious Education – visits to local centres of worship, visits by local clergy.

We also have regular visits from our neighbourhood police officer and health workers. These visits support the personal, social and health education of our children. A local clergyman takes assembly on a regular basis. Other local religious leaders are also encouraged to take assemblies in the course of the school year. We do this with the full agreement of the governing body.

Children in Years 5 & 6 have the opportunity to take part in an adventurous educational activity. This activity is in school time and linked to the National Curriculum.

This visit enables children to take part in outdoor and adventure activities as part of their PE work. We undertake this visit with the agreement of the LEA. All specialist activities are undertaken with qualified instructors.

For school journeys we only hire transport from companies whose coaches have individual seat belts. We instruct all children travelling by coach or minibus to wear a seat belt.
